### Tackling online hate

Internet Matters have some really good advice to support children and young people, which includes facts and statistics, why hate speech is so dangerous, the law and much more. This can be a useful resource to open up those all-important dialogues. You can view the guide [HERE](#).

### YouTube new parental controls

New controls have been released by YouTube to give parents and carers better filtering management. Previously, the only filtering option was 'Restricted Mode' which meant that videos flagged as 18+ were filtered out. Called 'Supervised Experience', there are now filters for:

- Explore - 9+
- Explore More - 13+
- Most of YouTube - all videos except 18+ (the current Restricted Mode)

YouTube have released a handy explainer video to support the setup. The link is [HERE](#).
