- Changes to the filtering and monitoring approach will be risk assessed by staff with educational and technical experience and, where appropriate, with consent from the governing body; all changes to the filtering policy are logged and recorded.
- The leadership team will ensure that regular checks are made to ensure that the filtering and monitoring methods are effective and appropriate.
- All members of staff are aware that they cannot rely on filtering and monitoring alone to safeguard learners; effective classroom management and regular education about safe and responsible use is essential.

7.3.2 Filtering

- Education broadband connectivity is provided through RM Education.
- We use RM Education SafetyNet filtering system which blocks sites which can be categorised as: pornography, racial hatred, extremism, gaming and sites of an illegal nature. Our web filtering service provides the following statement: "certain websites are blocked by default by RM SafetyNet based on input from the Internet Watch Foundation (IWF), the Home Office, the Counter Terrorist list (CTIRU) and security intelligence, including radicalisation content."
Source: <https://www.rm.com/products/online-safety-tools/rm-safetynet>.
